

PANIFY 2

UNVEILING PANIFY 2: THE NEXT GENERATION OF MOTORIZED LIGHTING PLATFORMS

- **Moving body:**

Endless PAN rotation at various speed (up to 50 RPM)

- **Shield Family:**

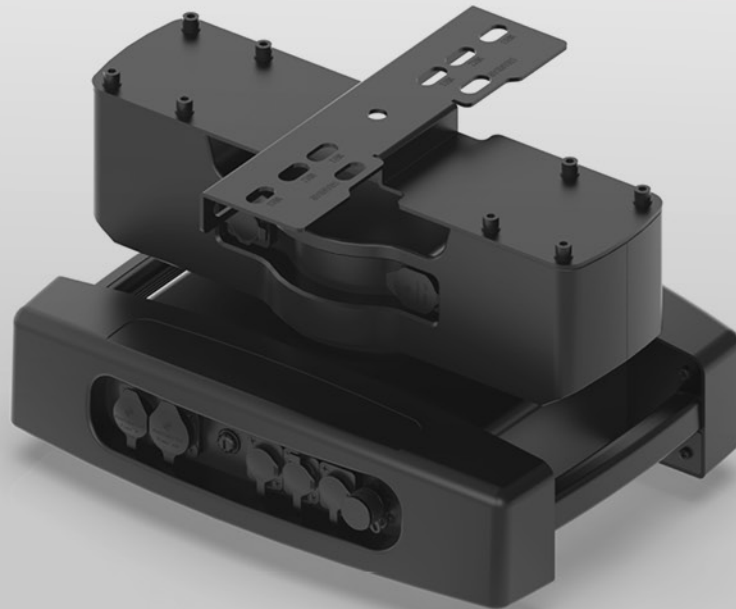

IP66 protection rating

- **Wireless:**

W-DMX optional wireless control version

- **CloudIO Ready:**

Fully compatible with CloudIO

Imagine being able to breathe dynamic life into any static non-moving fixture, scenery, sign, or screen. That's the ability of Panify 2. This revolutionary motorized platform redefines the possibilities of creative expression in the entertainment lighting industry.

UNPARALLELED FLEXIBILITY AND VERSATILITY

What sets Panify 2 apart is its unparalleled flexibility and versatility. With its endless pan operation and various speeds, it can handle fixtures up to 30 kilograms (66 pounds), giving you the freedom to set up unparalleled effects and providing precision and accuracy. Whether it's a high-energy concert, a mesmerizing theatrical

production, or a stunning corporate event, Panify 2 is ready to raise the experience.

INCLUSIVE IP66 SOLUTION

But that's not all - it is designed with practicality in mind. Its IP66 rating means it can be used and hung in any position and any location, both indoors and outdoors. Additionally, Panify 2's ability to accept most static lights, not only from Claypaky's portfolio but also from other brands, sets it apart as a flexible and inclusive solution for lighting designers.

ART-NET CONNECTION

Furthermore, its innovative design, with two power inputs and wireless DMX readiness, simplifies installation and operation, reducing the need for additional cabling and streamlining the setup process. Its minimal power consumption, about 150W, and control requirements make it a powerful yet efficient tool for creating unmatched lighting effects. Its smartly designed crossbeam ensures a seamless power, DMX and Art-Net connection to the mounted fixture or LED panel,

eliminating concerns about tangled cables during endless pan operations and providing more interactivity with the media servers and for pixel mapping.

Panify 2 is a proof of our commitment to pushing the boundaries of what's possible in lighting design. So go ahead, let your imagination run wild - Panify 2 is here to bring your vision to life in ways you never thought possible.

PANIFY 2

MAIN FEATURES

- Advanced tool turning fixtures, scenery, signs, screens into dynamic effects
- Endless PAN rotation at various speed (up to 50 RPM)
- Maximum load to be applied: 30kg (66 lbs)
- Any hanging positions
- Control Protocol: DMX, Art-Net, RDM, sACN and WDMX (optional)
- IP66 protection rating
- CloudIO Ready: fully compatible with CloudIO
- Weight: 13.8 kg (30.4 lbs)
- Size (LxWxH): 390 x 295 x 253 mm (15.3 x 11.6 x 10 in)
